

PUNTO

PUNTO

DESCRIPTION

Featuring an ultra-compact AISI 316L stainless steel body, PUNTO is a minimalist and efficient wall- and floor-recessed step marker that can be installed in multiple series for functional lighting or decorative pattern creation. Available in four models, it comes with either milky opaline or extra-clear scratch-resistant diffuser, allowing for different lighting effects with a strong visual impact. Its IP67 protection rating ensures suitability for a wide range of installations, including environments with high humidity levels.

MAIN FEATURES

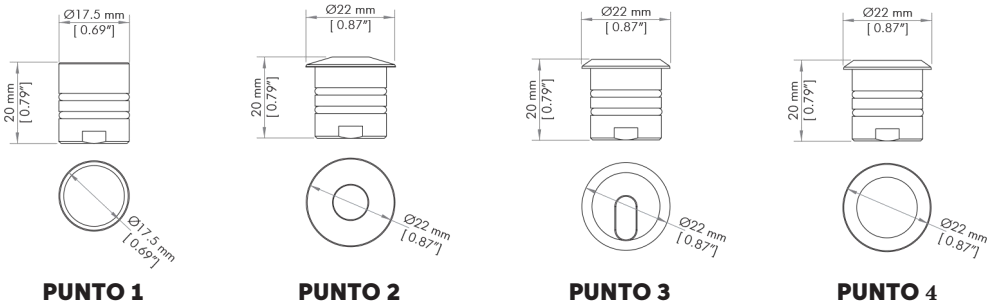

- Max. delivered lm output: 79 lm / 79 lm/W
- Max. size: ø 22 mm H 20 mm / Ø 0.87" H 0.79"
- Control system: DMX-RDM, DALI-2, 0-10V
- Ultra-compact wall- or floor-recessed step marker with either opaline or clear diffuser for orientation lighting on stairs, steps, walkways, and corridors
